DURATION® DESIGNER COLORS COLLECTION

Shingles *with Patented SureNail® Technology*

Aged Copper†

Intense Harmony

Bright. Bold. Brilliant. The world is full of color. From the cars we drive to the appliances we buy, we have the power to choose the colors we surround ourselves with. If you're looking to make your home truly vibrant, don't overlook the power of using color on your roof to help coordinate exterior accents like paint, trim and even landscaping. TruDefinition® Duration® Designer Colors Collection Shingles can bring it all together—helping to improve your home's aesthetics and perceived value—with maximum vibrancy and colors you won't find anywhere else.

TruDefinition Duration Designer Colors Collection Shingles feature the high-performance durability of patented SureNail® Technology with *Triple Layer Protection*® and excellent adhesive power. Plus, they boast a Limited Lifetime Warranty*/‡ (for as long as you own your home) and can stand up to 130-MPH* winds. *TruDefinition Duration* Designer Colors Collection Shingles are produced with StreakGuard™ Protection[1] to inhibit the growth of airborne blue-green algae* that can cause unsightly dark streaks on your roof. Owens Corning provides a 10-year Algae Resistance Limited Warranty.*

Whether you're looking to add more drama to your home or give it a knockout new look, you'll be amazed at the difference that *TruDefinition Duration* Designer Colors Collection Shingles can make—they offer brilliant impact and curb appeal like you never imagined. And when your home's elements work in harmony, the look will be vibrant, cohesive and undeniably spectacular.

The SureNail® Difference—
A technological breakthrough in roofing.

The innovative features of Owens Corning® TruDefinition® Duration® Designer Colors Collection Shingles with patented *SureNail* Technology offer the following:

Breakthrough Design. Featuring a tough, woven engineered reinforcing fabric to deliver consistent fastening during installation.

Triple Layer Protection®. A unique "triple layer" of reinforcement occurs when the fabric overlays the common bond of the shingle laminate layers that offers excellent fastener holding power.

Outstanding Grip. Our enhanced Tru-Bond®** sealant grips tightly to the engineered fabric nailing strip on the shingle below.

Excellent Adhesive Power. Specially formulated, wide adhesive bands help keep shingle layers laminated together.

Exceptional Wind Resistance. Engineered to deliver 130-MPH* wind warranty performance with only 4 nails. Fewer nails required can mean fewer deck penetrations.

- Florida Product Approval
- ICC-ES AC438#
- Miami-Dade County Product Approval§
- UL ER2453-01##
- UL ER2453-02##

Owens Corning® Hip & Ridge Shingles

Owens Corning® Hip & Ridge shingles are uniquely color matched to the *TruDefinition Duration* Designer Colors Collection Shingles. The multiple color blends are only available from Owens Corning® Roofing and offer a finished look for the roof.

* See actual warranty for complete details, limitations and requirements.

** *Tru-Bond* is a proprietary premium weathering-grade asphalt sealant that is blended by Owens Corning.

† Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.

†† *The amount of Triple Layer Protection® may vary on shingle-to-shingle basis.*

‡ 40-Year Limited Warranty on commercial projects.

§ Applies for all areas that recognize Miami-Dade Product Control Section.

\# International Code Council Evaluation Services Acceptance Criteria for Alternative Asphalt Shingles.

Underwriters Laboratories Evaluation Service Evaluation Report.

^ Excludes non-Owens Corning® roofing products such as flashing, fasteners and wood decking.

1 StreakGuard™ Algae Resistance Technology is not available in the Compton and Denver service area.

SureNail® Technology U.S. Patent 6,471,812; 7,836,654; 8,156,704; 8,181,413; 8,240,102; 8,430,983; 8,607,521; 8,623,164; 8,752,351; 8,991,130; 9,121,178; and other patents pending.

SureNail® Technology is not a guarantee of performance in all weather conditions.

SureNail® Technology is available only on Owens Corning Duration® Series Shingles.

Shingles are algae resistant to help control the growth of algae and discoloration.

Which color best complements your home's exterior details?

Try a few on and see. Our Design EyeQ® Visualization Experience lets you experiment with how different shingles, siding and stone veneer might look on your home. To get started, visit ocdesigneyeq.com. And imagine what a difference *TruDefinition Duration* Designer Colors Collection Shingles can make for your home.
